Introduction to VALO Commerce

The VALO Commerce solution from InnerWorkings is a global platform for selling virtually anything online via a familiar, highly customizable eCommerce storefront experience. Products may include promotional items, apparel, standard print items, and custom print jobs using templates with variables.

VALO Commerce offers self-service procurement of predefined products that are made available in a catalog interface with pre-negotiated prices.

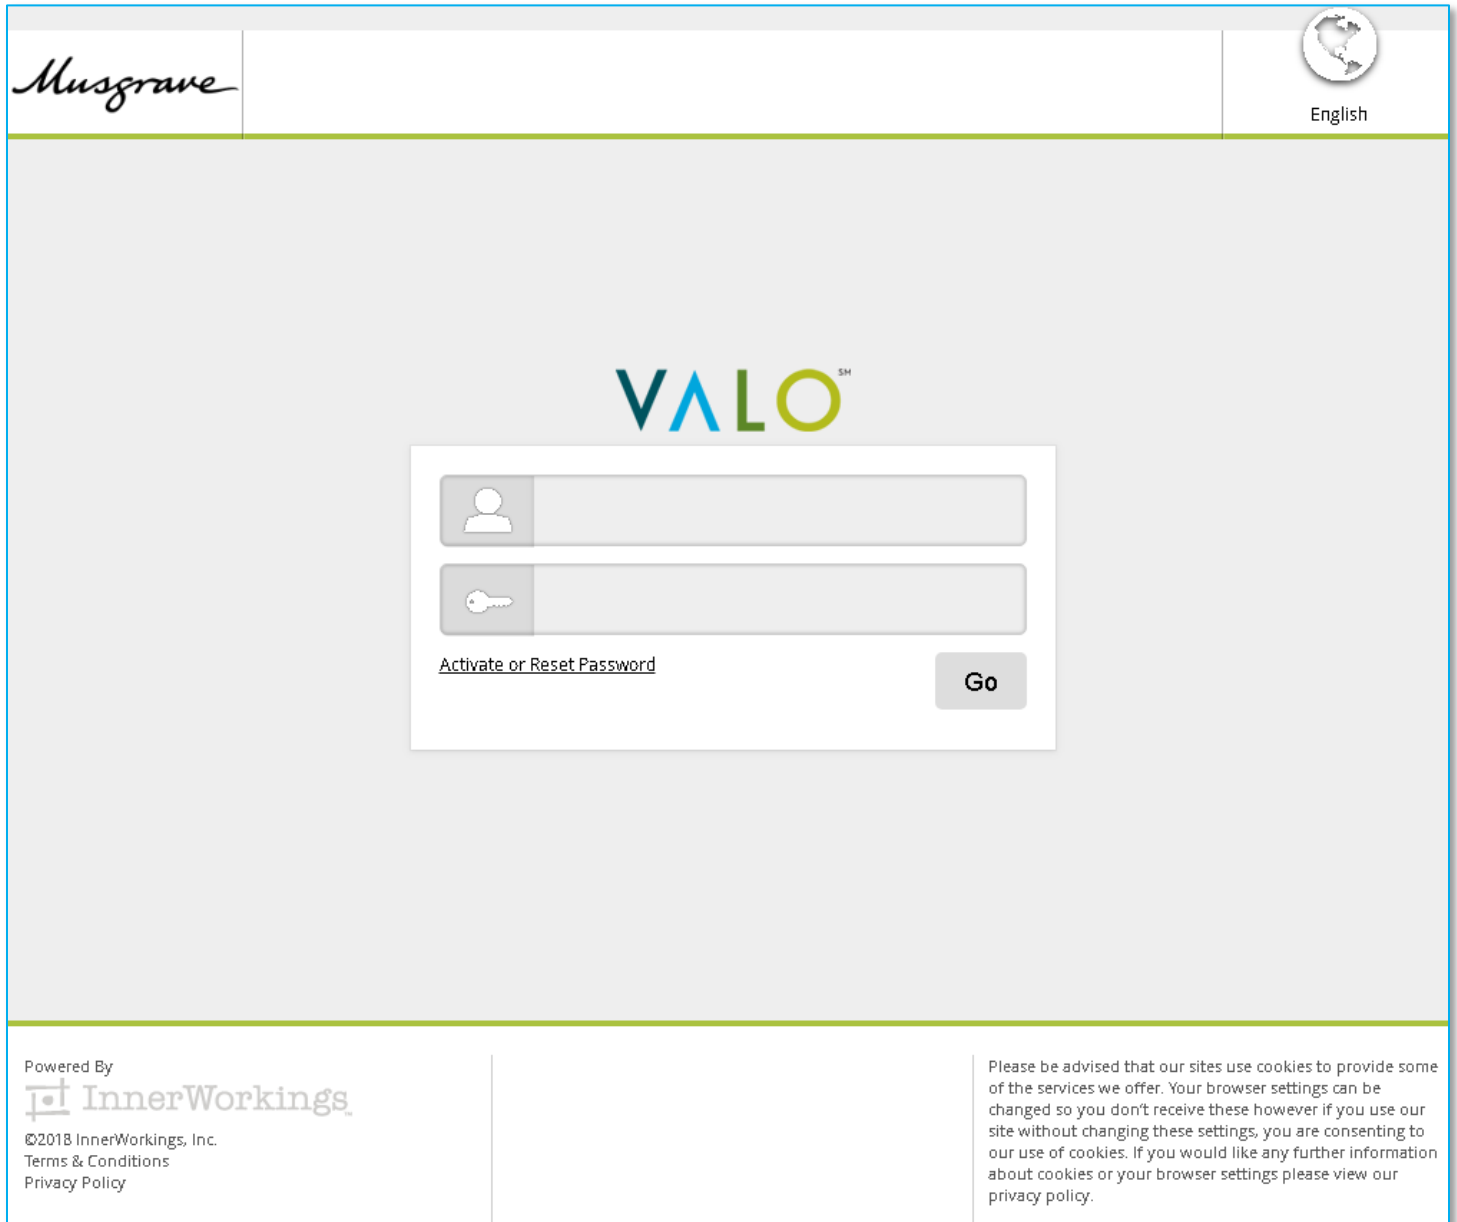

Using VALO Commerce

When working with VALO Commerce, you can:

- Access your Commerce site
- Browse the catalog
- Add items to your shopping cart
- Place an order
- Add items to your Favorites list
- View and copy previous orders
- Manage shipping addresses
- Contact Support

Access Your Commerce Site

To access your VALO Commerce site, navigate to musgrave.inwk.com. Provide your username (your email address) and password to log in.

If this is your first time accessing VALO, you will need to set your starting password by clicking *Activate or Reset Password*.

The screenshot shows the VALO login interface. At the top is the VALO logo. Below it are two input fields: the first has a person icon and is for the username, and the second has a key icon and is for the password. Below the password field is a link that says "Activate or Reset Password" and a "Go" button.

Enter your email address in the username field and click “go”. You will receive an email with a link to set up your password and complete the login process. Passwords should be a minimum of 8 characters long, and must include at least 1 uppercase letter, number, and special character (e.g. # \$! % & etc.)

This screenshot shows the VALO login form with a message that says "Please enter your Username and click Go". There is a single input field with a person icon for the username. Below the field are two buttons: "Cancel" and "Go".

After setting your starting password, you’ll be able to log in with your email address as the username and your selected password. Please note that accounts are set up with work email addresses before first login. If you’re unable to set a starting password, you’ll need to contact support via email at support.musgrave@inwk.com to get your account added to the system.

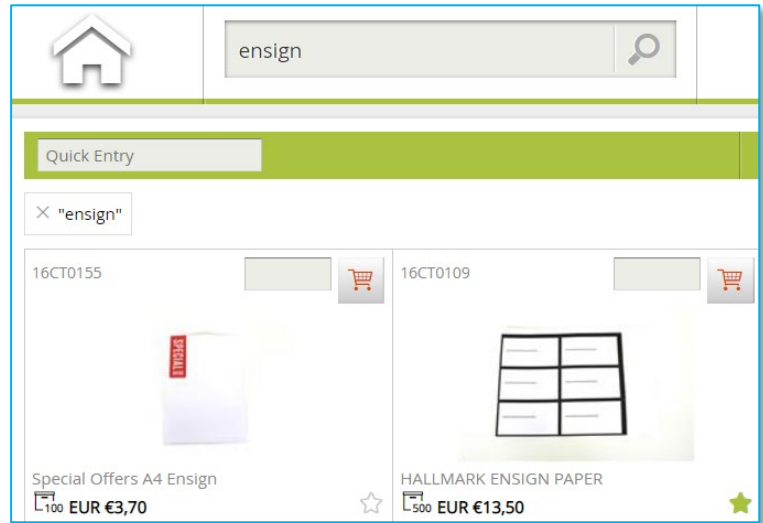

Browse the Catalog

To find an item, you can browse through the categories on the left side of the screen. Click on the arrow next to the category to expand it and see available subcategories. Click on one of the subcategories to bring up the list of items.

The screenshot displays the Musgrave user interface. At the top left is the Musgrave logo. To its right is a home icon, a search bar, and a user profile icon labeled 'Musgrave User'. On the left side, there is a 'Categories' menu with options: 'Favorites', 'Centra', 'SuperValu', and 'Frank & Honest'. The main content area features a large banner with the Musgrave logo and the text: 'LET'S GET STARTED... SELECT YOUR CATEGORY FROM THE LEFT BROWSE THROUGH POS OPTIONS ORDER WHAT YOU NEED WITH EASE'. The banner background shows a variety of fresh produce. At the bottom of the banner is the InnerWorkings logo with the tagline 'we make marketing happen.' Below the banner, there are three columns of text: 'Powered By InnerWorkings. ©2019 InnerWorkings, Inc. Terms & Conditions Privacy Policy Tracking Tools', 'For assistance, please email support at support.logistics@inwk.com User Guide (PDF) Quick Start (1-Page) User Guide (PDF)', and 'Please be advised that our sites use cookies to provide some of the services we offer. Your browser settings can be changed so you don't receive these, however if you use our site without changing these settings, you are consenting to our use of cookies. If you would like any further information about cookies or your browser settings, please view our privacy policy.'

The list of items that appear through either method will display in the “catalog view” format, which shows items in a grid. Item information in this view includes the item sku in the upper left, an image in the center, and the item name and price in the lower-left corner. If an item is not in stock, an “Out of Stock” Notice will appear in the upper right.

If the item is available to order, a quantity box and “add to cart” button will appear in the upper right. A star appears in the lower right corner of the item in grid view. Click on the star to add the item to your “Favorites” category.

The search bar will show results based on item names and descriptions. Click the “X” next to the listed search term to clear the search results.

The layout of the product list can be adjusted using the options found in the upper right side of the page.

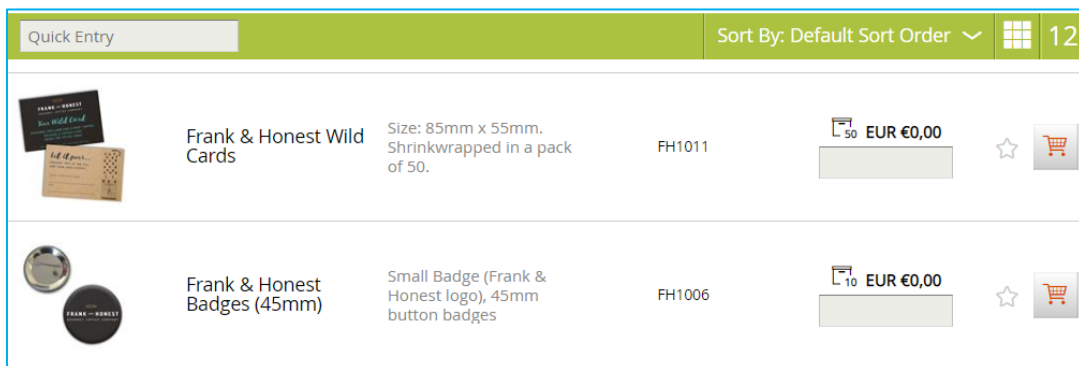

They include “Sort By” options, list / grid view, and number of items per page (defaulted to 12).

If the number of items in a category exceeds the number shown per page, page number options will appear at the bottom of the list

Here is how items are presented in the list view, with more space provided to display the item name and the smaller item image shown to the left.

Adding Items to Your Shopping Cart

After finding the items you wish to purchase, you'll have a few options for adding them to your shopping cart, prior to starting a checkout.

If the item is in stock, you may enter a quantity into the quantity box that appears in the upper right corner and click the shopping cart icon next to it to add it to your shopping cart.

If you know the item sku, you can enter the sku into the "quick entry" field from any category page, which appears at the top of the catalog. If the sku is in stock, you'll be able to enter a quantity in the quantity field and click the shopping cart icon to add it to your shopping cart.

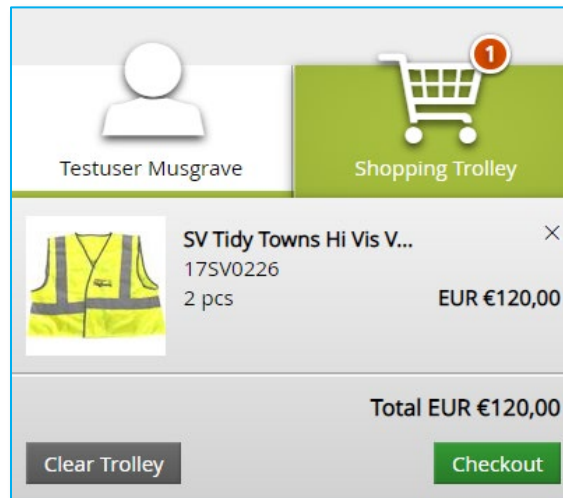

To see more information about an item, click on its image to go to the item detail screen. The item can be added to the shopping cart using the add to cart options in the lower right side of the screen.
